

Oranssi's safer space policies

Respect each other and give everyone space

Discuss sensitive topics respectfully, as they can be personal to others. Give everyone space to talk and act.

No alcohol or drugs in Oranssi

Please note that Oranssi events are visited by minors and people who feel uncomfortable with intoxicated behaviour. Oranssi has always been an alcohol and drug free space.

Let bodies exist in peace

Respect the bodies of others and yourself. Don't touch others without permission and refrain from commenting on other people's bodies. All kinds of violence is prohibited at Oranssi.

Don't assume people's background and abilities

Refrain from assuming other people's gender, sexuality, background, and abilities. Be aware of your own biases and assumptions. Let everyone be who they are.

A safer space is built together

Everyone is responsible for building a safe atmosphere together. Accept mistakes, take responsibility for your own actions, and change your behaviour if needed. Let's help each other.
